

SUMMER SCIENCE EXHIBITION

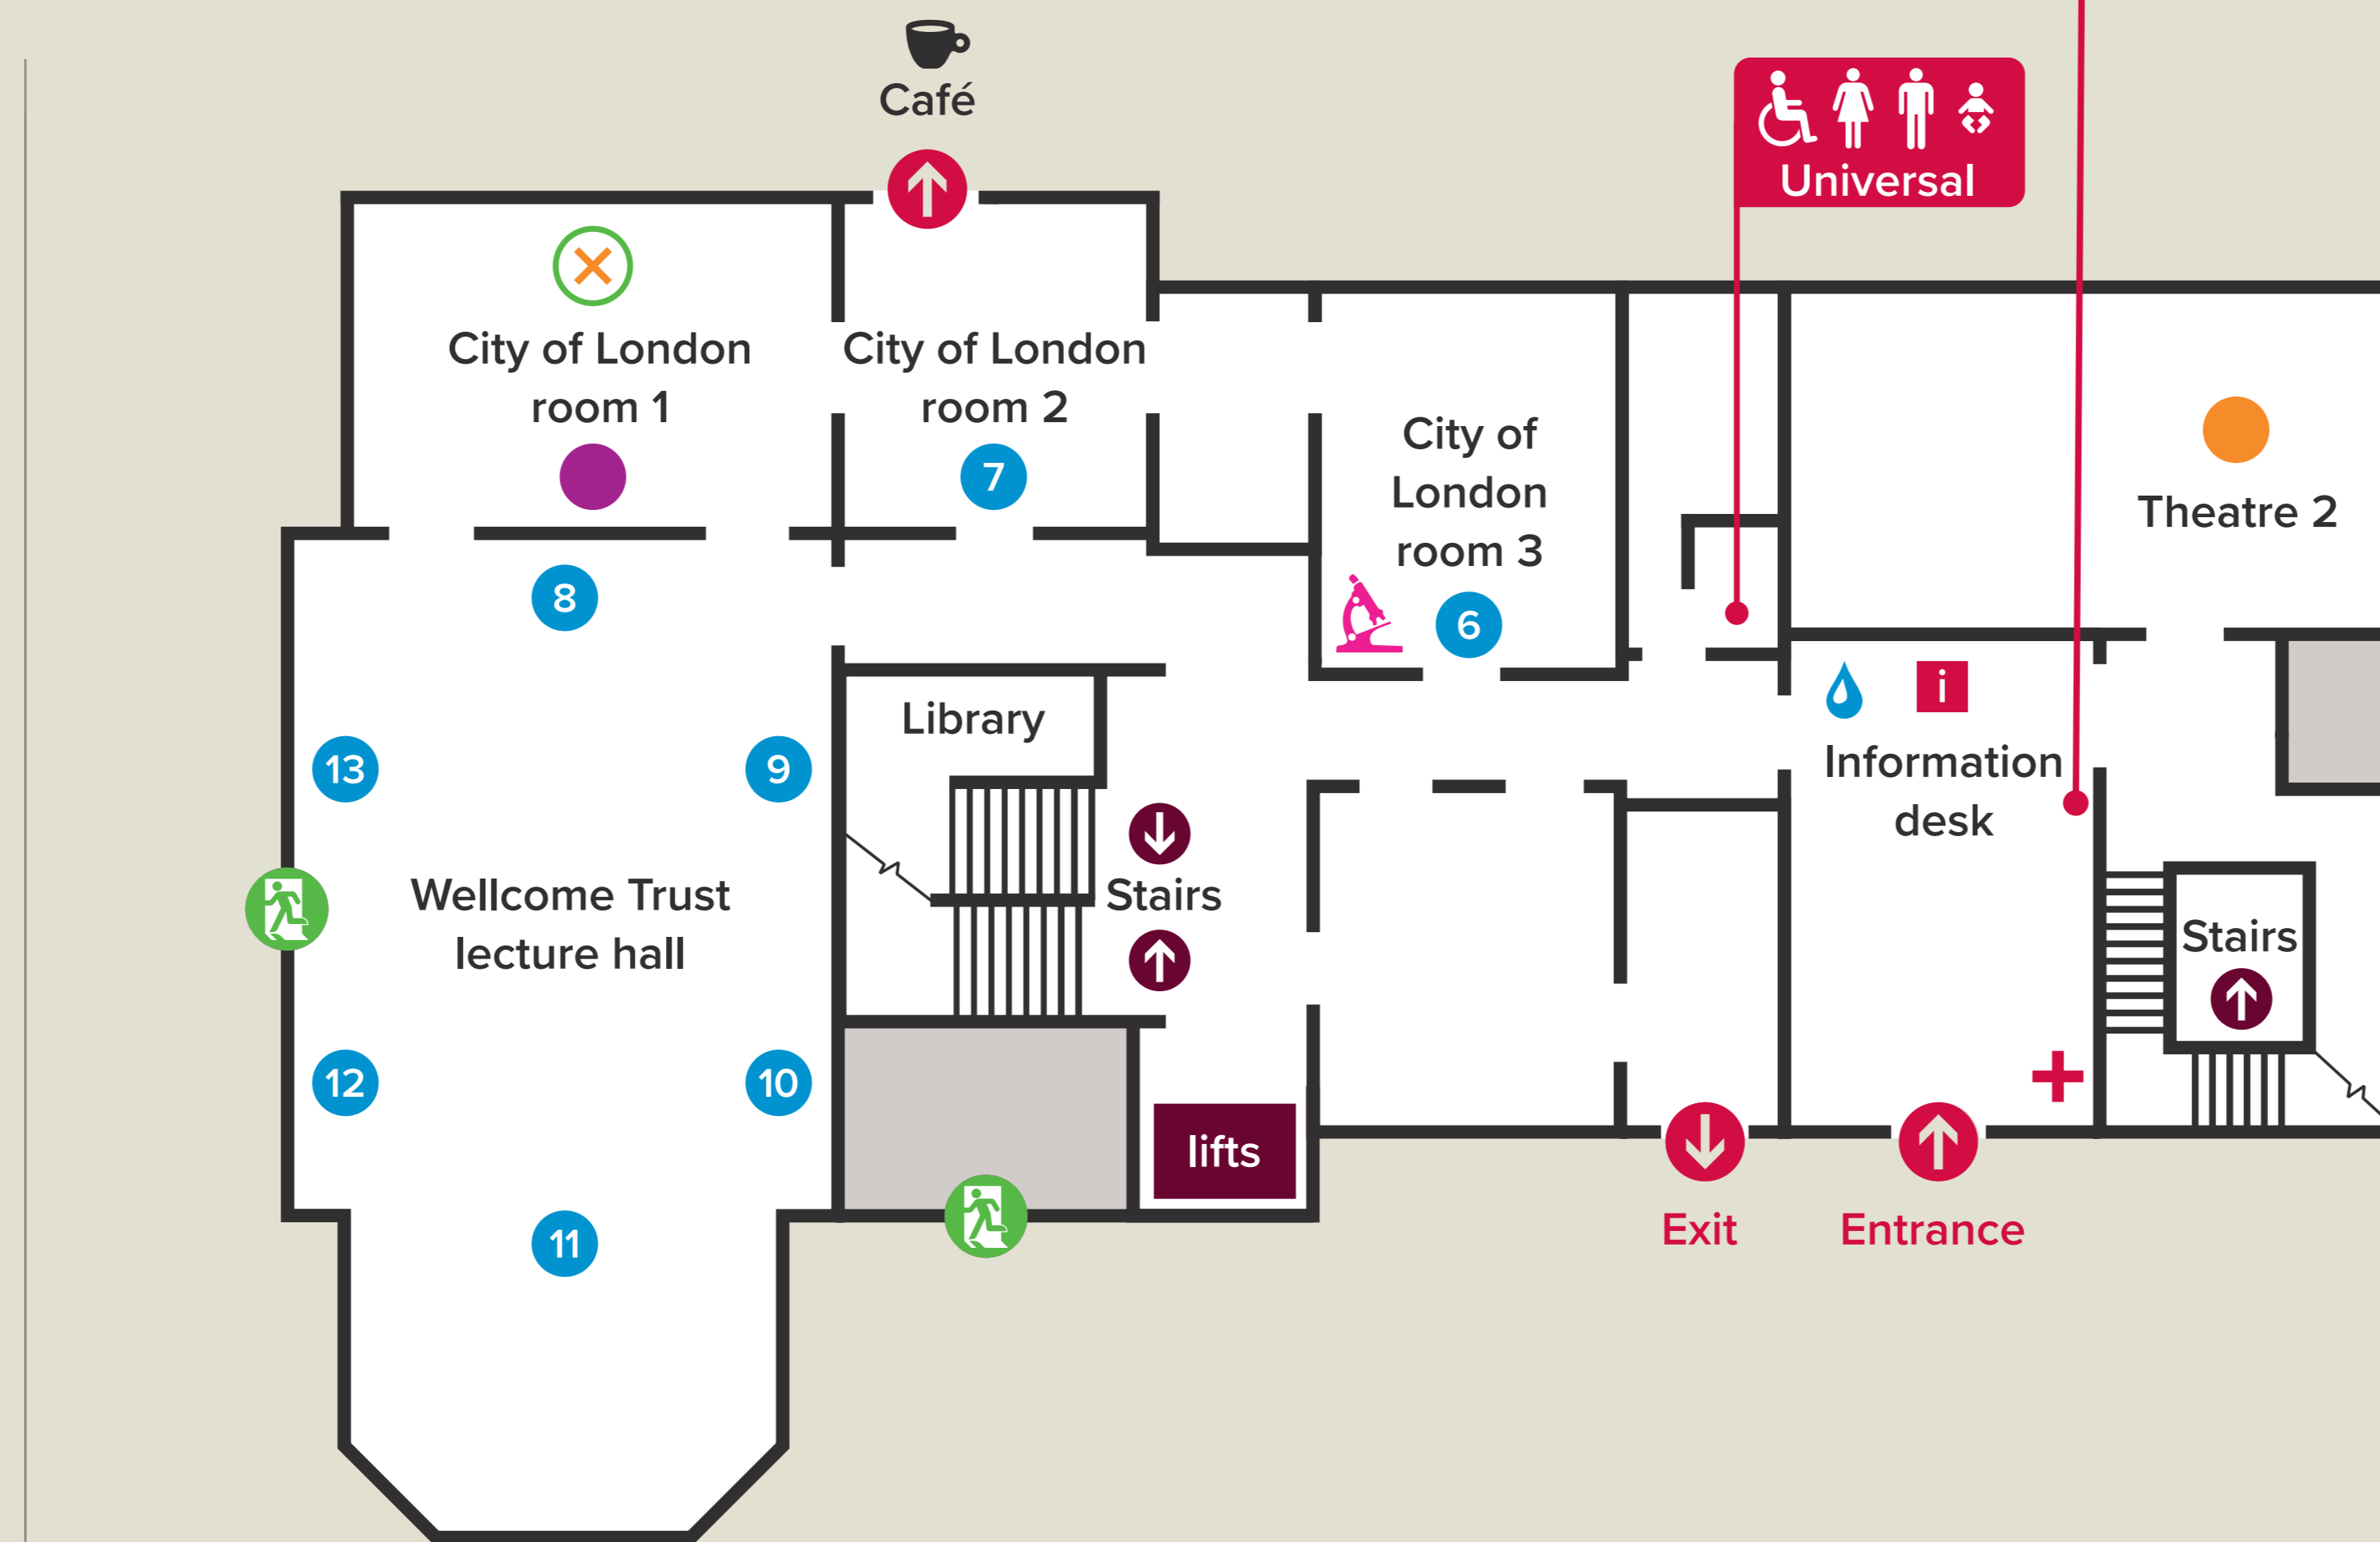

30 JUNE – 5 JULY 2026

BASEMENT

GENERAL INFORMATION

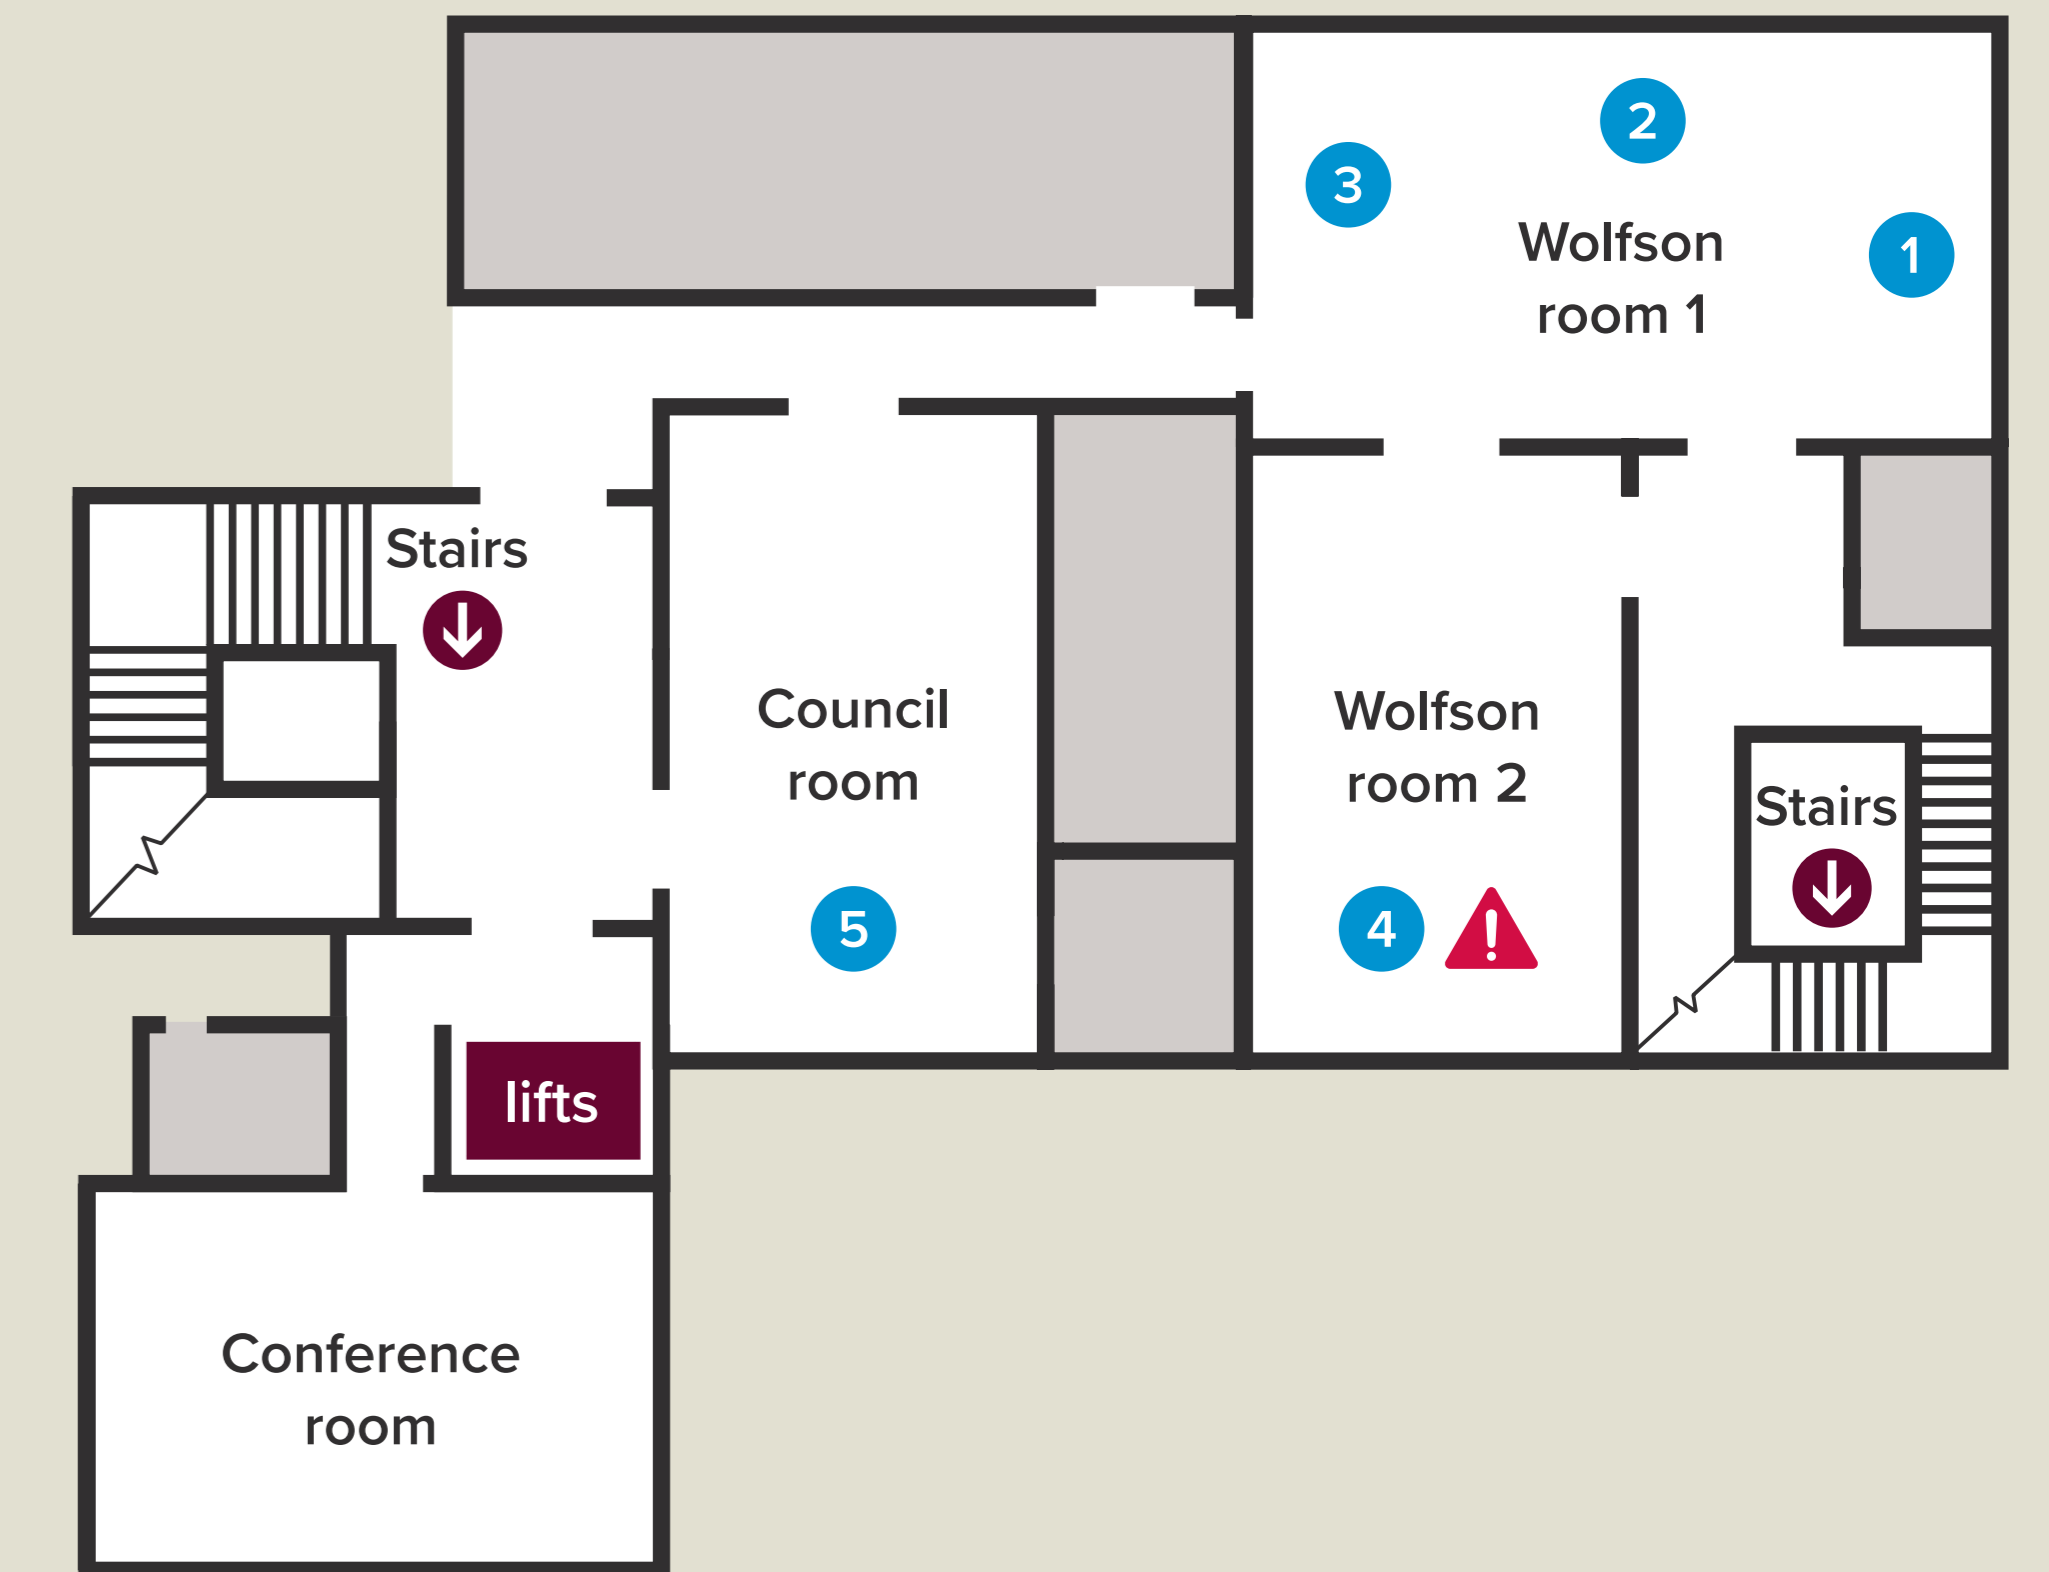

- Café
- Cloakroom
- Toilets
- Accessible toilet
- Baby changing facilities
- Water fountain
- Emergency exits
- First aid room
- Talks
- Drop-in activities (Saturday – Sunday)
- This room contains a Tesla coil which may not be suitable for all visitors. See page 7 for details.

GROUND FLOOR

EXHIBITS

- 1** The art of resilience for successful ageing
- 2** Laser-focussed on science for radiotherapy
- 3** Revealing the cosmos with the Simons Observatory
- 4** Thunderbolts and lightning
- 5** Microbe zoo
- 6** Shifting sands: when solids flow and liquids jam
- 7** From our lab to your home: 25 years of formulation engineering
- 8** Immortalising natural history in 3D
- 9** Supercomputers: the good, the bad and the beautiful
- 10** Nanomaterials: a giant leap for healthcare
- 11** Hands-on, hands-off and hand-in-hand: the future of robotic assembly

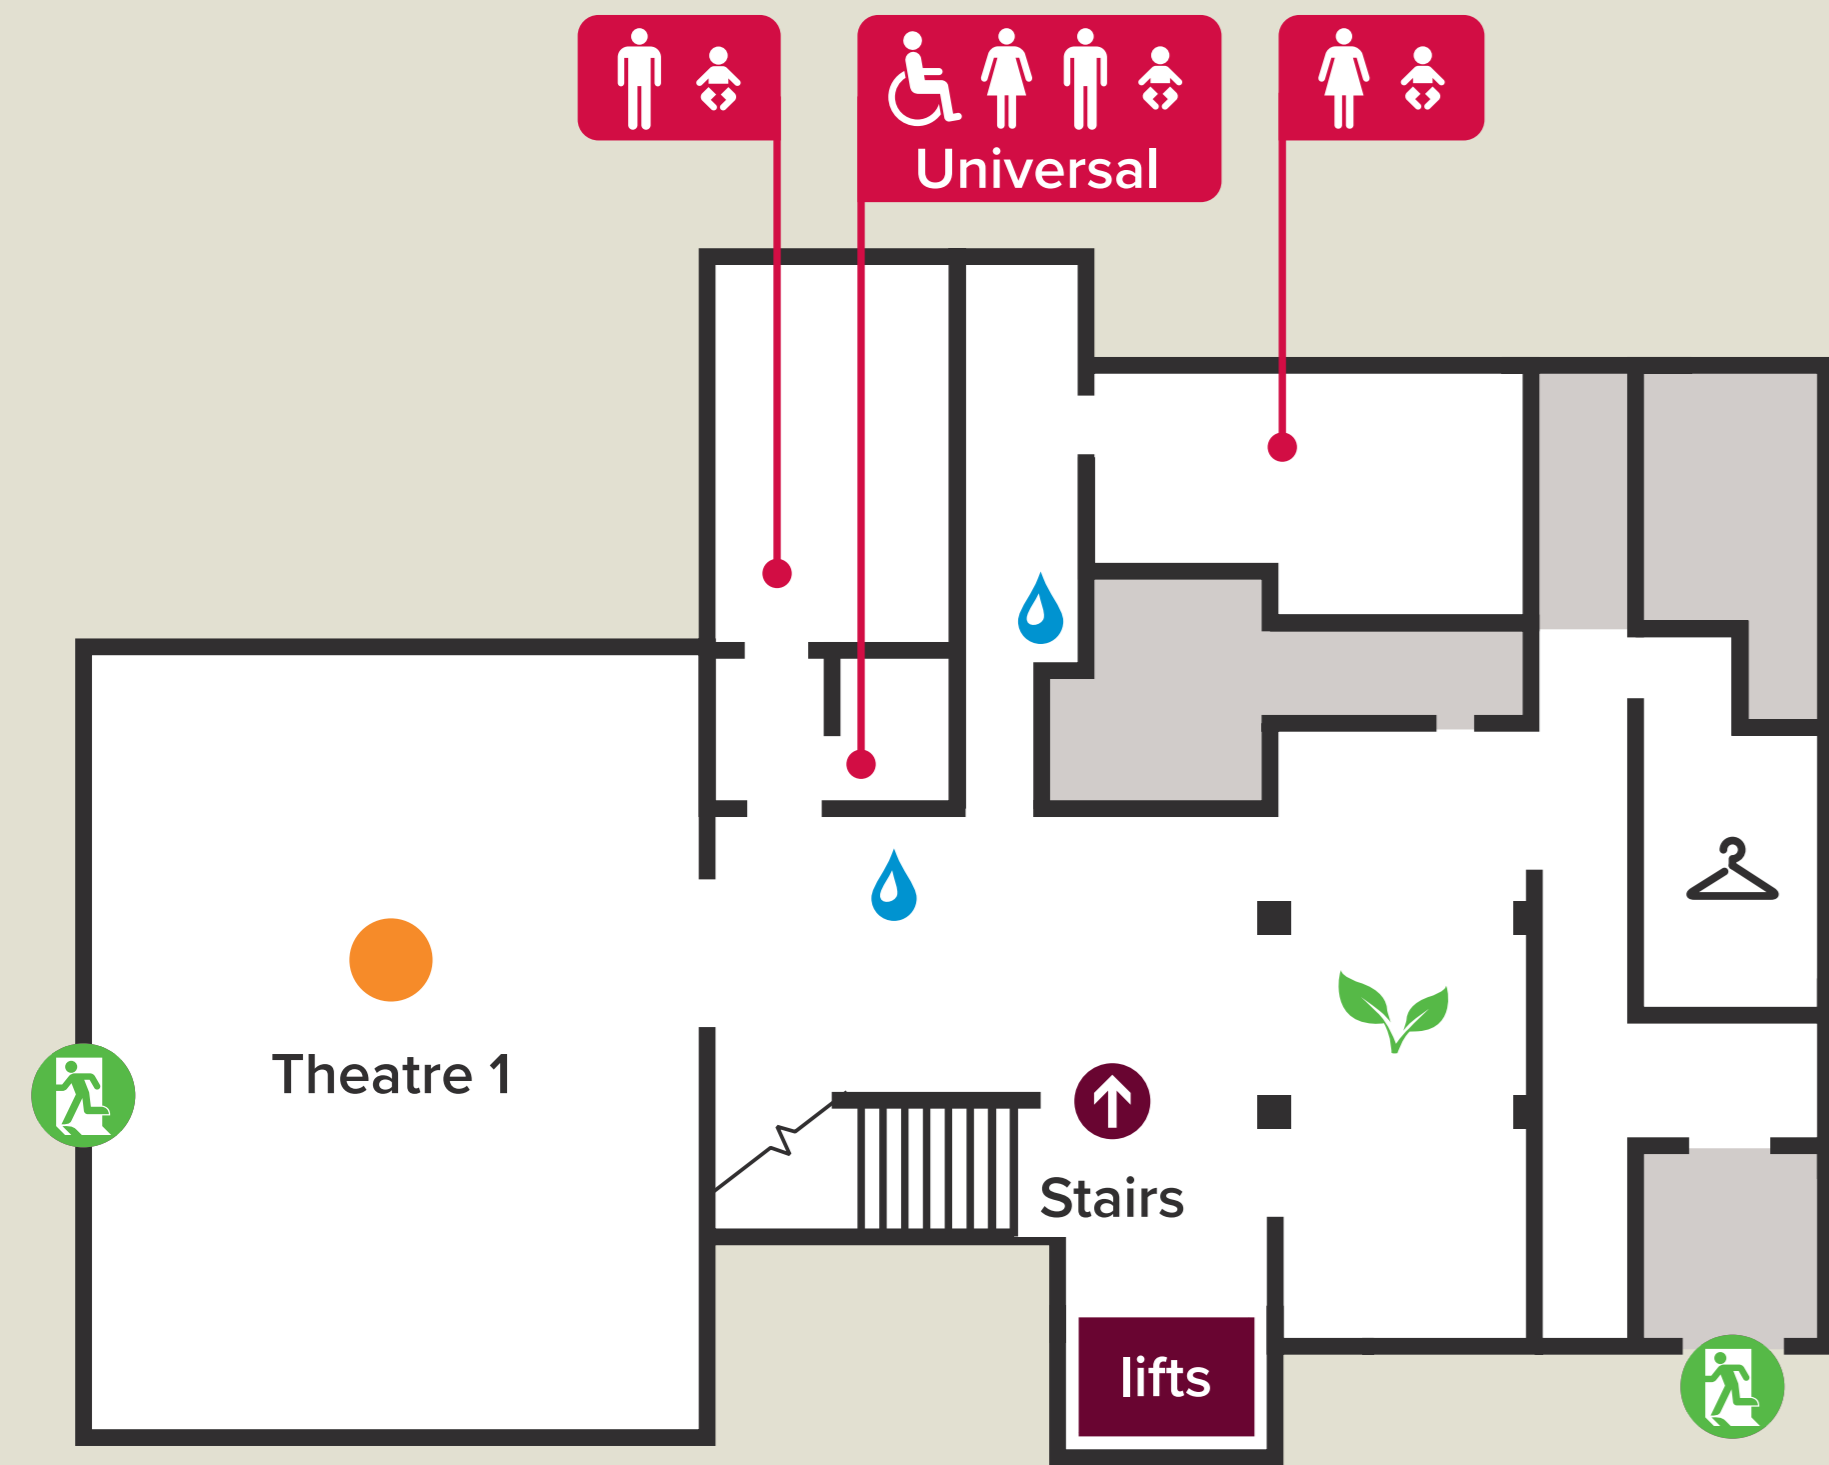

FIRST FLOOR

- 12** Universe makers
- 13** Euclid, the dark universe detective
- Young researcher zone (Wednesday – Friday)
- History of science exhibition: the beauty of the Earth
- The fragile lens
